BALL Ø 7,5 CM

This ball is handmade produced by decoupage technique. The printed sheet is die-cut and glued by hand onto the polystyrene ball.

Since the ball is spherical, the sheet is die-cut according to the **VERTICAL LINES**.

A series of strips will result from the central band towards the poles that in the centre (**SAFE AREA**) are perfectly placed side by side, while in the upper and lower parts (**MEDIUM AREA** and **POLES AREA**) they will overlap more and more, and as they approach the poles some parts will be covered by the next strip.
